Vaccines for Teens clinic announced for March

Special clinic to help families meet new school rule

The health department will offer a special month-long vaccine clinic for teens to help families meet the requirement of a new school rule that takes effect in the fall. Beginning in the fall, Indiana law requires that all students in 6th through 12th grade be vaccinated against the following diseases:

- * Neisseria Meningitis (Meningococcal disease)
- * Varicella (Chickenpox)
- * Pertussis (Whooping cough)

Students must be vaccinated against all three by the first day of the 2010-11 school year or they may be excluded from school. To assist families in meeting this requirement, the Fort Wayne-Allen County Department of Health is partnering with the local school systems and Super Shot Inc. to provide all three of the required vaccines free of charge (normal cost, \$242.00).

The Vaccines for Teens clinic will be open Monday through Thursday, 3 to 6:30 p.m., from March 1- March 25. The clinic is at 1818 Carew St., 3rd floor. Parking is available in an attached garage. At the clinic, the health department will also continue to offer free H1N1 vaccine.

Parents should bring the child's shot record and/or any proof of chickenpox infection or past immunization. Children under age 18 must be accompanied by a parent or legal guardian (with notarized documentation).

For a list of Super Shot locations, call 260-424-7468.
